---

Dear Valued Sponsor,

The Motor City Marlins are preparing for the 2008 baseball season and we need the support of the community.

Your sponsorship of our program will go a long ways to benefit the children that play for the Marlins who wish to play for an organization that teaches the ideals of sportsmanship, character, honesty, courage and respect for each other.

We have a dream of being able to play in the Hall of Fame Classic in Cooperstown, the home of the Baseball Hall of Fame in 2008. We could not be more excited about our program after finishing our tryouts and having our 2008 roster in place.

The Motor City Marlins pride ourselves on creating a program where children learn the fundamentals of baseball. 100% of our Coaches and Team Parents are volunteers.

We have developed an outstanding baseball program for the children. But we cannot truly put on a great program without the support of you and the community.

An investment in the Motor City Marlins is an investment in our children's future. We hope that you take great pride in showing the Team Photo you sponsored, the banners that are proudly displayed at each game, and your company name and logo displayed on our team website.

Your donation will help provide scholarships for children who cannot afford the enrollment fees, uniforms and equipment for our team, field rentals and umpire fees, along with financing our Coaching improvement programs.

We are very proud of our volunteers and the program that they have created. We need you as a sponsor to continue this great tradition and we will be proud to have you. Please check out our website, which includes our current sponsors at [www.motorcitymarlins.com](http://www.motorcitymarlins.com). We have a saying. "Everything we do is for the kids!"

Please contact us if you are interested in being a Motor City Marlin Sponsor.

Respectfully,

Jim Agemy  
Fundraising Coordinator
